DEVELOPMENT POTENTIAL

In addition to the existing income being generated from these properties, the Landlords have previously obtained Planning Consent (Application No: 2014/0059/F) for an extension to the rear of both buildings, in order to create two additional self-contained dwellings. Whilst this Planning Consent has now lapsed, we see no reason why it should not be re-established if required. Alternatively, the land to the rear of the properties is used as parking space.

SERVICES

All mains services are understood to be connected to the property.
