This detached bungalow is one of the larger house types within the scheme and has been designed with a clear focus on space, layout and practicality.

The accommodation comprises three bedrooms, including a principal bedroom with en-suite shower room, together with a separate family bathroom. A lounge is positioned to the front of the property and features a bay window overlooking the frontage.

To the rear, the open-plan kitchen diner forms the main living area of the home, featuring a vaulted ceiling which enhances the sense of space and light. DEVELOPMENT DESCRIPTION

Positioned on the quiet outskirts of Market Rasen, this exclusive development comprises just six detached bungalows, thoughtfully arranged within a private cul-de-sac and surrounded by open space. Accessed via a shared private drive from Legsby Road, the homes are well set back, creating a sense of privacy while remaining conveniently placed for the town centre, golf club and racecourse.

Each property occupies a generous individual plot, with selected homes enjoying open views across adjoining paddocks. All six bungalows offer three bedrooms, including a principal bedroom with en suite, alongside a separate family bathroom. The layouts have been carefully designed to combine traditional proportions with modern living, ensuring practical, comfortable homes suitable for a wide range of buyers.

At the heart of each home is a spacious open-plan kitchen diner, positioned to the rear and opening directly onto the gardens via bi-fold doors. These spaces have been designed to make the most of natural light and garden access, with private patio areas ideal for everyday living and entertaining.

The development includes a variety of elevations and layouts, with a mix of single and double bay-fronted designs. Plot 1 and Plot 6 are the larger of the two house types and both benefit from utility rooms with direct internal access to their garages. Plot 1 enjoys a particularly generous plot and a long single garage, while Plot 6 also offers a utility room, single garage and south-facing garden with paddock views to the rear.

Plots 2 and 4 feature attractive double bay-fronted elevations and benefit from double garages, offering excellent parking and storage. Plots 3 and 5 also feature double bay-fronted designs with notably generous kitchen spaces. Plot 3 includes a double garage, while Plot 5 occupies a standout corner plot with a south-facing rear garden, paddock views and a single garage, making it one of the most distinctive positions within the development.

All homes are designed with energy efficiency at their core and are projected to achieve an A-rated EPC. Specifications include air-source heat pumps with radiator heating, solar panels and triple-glazed windows, delivering excellent thermal performance and reduced running costs.

Every property will be completed to a high standard throughout, with fitted kitchens including integrated appliances, quality bathroom suites with full wall tiling, and carefully selected finishes designed to create modern, well-balanced interiors.
